

September 4, 2015

To Our Unit Holders:

As we approach the end of Fiscal 2015, we would like to provide you with an update and a few reminders.

Business Update

We are enclosing a copy of our third quarter Form 10-Q recently filed with the SEC. The third quarter of Fiscal 2015 ended on June 30, 2015. Despite a tightening margin environment in the third quarter, we were able to reduce our interest bearing debt to \$30 million at June 30, 2015. Net income for the quarter was \$600,000, or \$0.02 per unit. We continue to face tight margins in the fourth quarter, but we remain focused on improved plant performance to allow us to endure less profitable periods. Additionally, we are working to refinance the debt at ABE South Dakota, which comes due in March 2016. We have several options available for a refinancing, and remain confident we will be successful in securing new financing or extending our existing financing before the March 2016 term.

Unit Matching Platform – AgStockTrade.com

As detailed in the letter sent to unit holders earlier this year, Advanced BioEnergy, LLC (“ABE”) unit holders are now able to buy and sell their units via the unit matching platform at AgStockTrade.com. **Should you choose to list your ABE units for sale on the AgStockTrade.com site, please note that it is very important to list the name and quantity of your units accurately on the site.** This information can be found on two documents which are sent annually to unit holders: the proxy card and the schedule K-1 tax document. However, because we have recently had several calls requesting unit information, for your convenience we are enclosing a card(s) with your unit information along with this letter.

Tax Year End

As a reminder, ABE’s tax year ends on December 31 of each year. Please keep in mind that our tax year end is different from our fiscal year end. Due to this difference, preparation of our annual tax return and the corresponding schedule K-1’s that are sent to investors, cannot begin until January of each year. As in prior years, our target date for mailing K-1’s is the last week of February. We understand the tight deadline for early filers and we do our best to get schedule K-1’s sent to investors as quickly as possible. In an effort to better serve those who need tax information more quickly than it is available, we will provide investors with a preliminary tax estimate on or about December 15th of this year. Please look for a communication around this time if you are in need of this information.

We continue to work toward increasing the profitability of ABE and reducing our outstanding debt to build value for our unit holders. We are committed to this end and would like to thank our unit holders for their continued support.

Sincerely,

A blue ink signature of Richard R. Peterson, CEO, written in a cursive style.
