Advanced BioEnergy Honored by BNSF

Fairmont, NE - Advanced BioEnergy's (ABE) ethanol production facility located in Fairmont, NE was honored with BNSF's Annual Product Stewardship Award for the safe transportation of hazardous materials by rail during 2008. The award was accepted on behalf of the ABE Fairmont team by Plant Manager, Grant Johanson on April 21, 2009 at a ceremony in Fort Worth, Texas.

The award is presented to shippers who transport a minimum of 500 loaded tank cars of hazardous materials with zero non-accident releases during the previous year.

Barbara Haertling, General Director of Marketing, Agricultural Commodities, BNSF Railroad presents award to Grant Johanson, Plant Manager, ABE Fairmont, ethanol production facility, Fairmont, NE

"The product stewardship of these 86 customers (receiving the award) helps support the safety of our employees, the communities we serve and the environment," said Katie Farmer, BNSF vice president, Industrial Products Sales.
